# GENERAL BATTLE FROM NORTH SEA TO THE SWISS BORDER

# DUVAL IS ARRAIGNED IN POLICE COURT CHARGED WITH MANSLAUGHTER

WASHINGTON, April 16.—The seven billion dollar war revenue bill which has passed the house was approved today by the senate finance committee and will be taken up to the senate tomorrow for passage.

The committee vote was unanimous and senate leaders expect to make an effort to put the bill through in one session.

## ONLY CORPORAL'S GUARD LEFT AT ARMORY

Of the three local companies of the Sixth Infantry, M.N.C., Companies C, G and K only 27 men remain at the armory in Westford street and it is expected this small contingent will vacate the building sometime today or tomorrow.

In compliance with an order received yesterday from the war department, the entire Sixth regiment has been turned over to the care of Col. Logan of the Ninth Infantry and this morning the majority of the members of Companies C, G and K, remaining at the armory were sent out on guard duty. The men left in three units and took north-bound trains.

The headquarters company composed of the Sixth Regiment band and the Mounted Orderlies, is still at the armory as is also the Machine Gun company, which recently came from Quincy, and it is probable these men will be sent out on duty before the week is over.

The number of men from each of the three companies of the Sixth who were at the armory at noon was as follows: Company C, 12; Company G, 5 and Company K, 7. The captain and the rest of the companies are also here.

It was stated this morning that the Lowell men, who are doing duty at New Hampshire, will soon be recalled and assigned to other posts within this state.

As stated in The Sun last week 4 members of the local companies of the Sixth failed to pass the physical examination and were given an honorable discharge. The remaining members of the company who are in Lowell are doing their very best to recruit to war strength in order to fill the vacancies and they are meeting with flattering success.

About 50 Catholic members of the local companies attended mass in a body at Notre Dame de Lourdes church yesterday morning. The men in command of Capt. Doyle of G company, left the armory at 10:15 o'clock, escorted by Guards, Sacre-Coeur and the Zenaves, two semi-military organizations of the parish and they marched to the church in Branch street. The mass was celebrated by the pastor, Rev. Leon Lamotte, O.M.I., while the sermon, the text of which was "Peace be with You," was delivered by Rev. J. E. A. Barrette, O.M.I., chaplain general of the French-American Volunteer brigade of the U. S. Army.

Several members of the National Guard, who were on duty at the armory, were also present.

Washington, D. C., April 15, 1917. Commanding Officer, Company M, Sixth Infantry.

Discharge Francis J. Haggerty, your company, for convenience of government purposes, a receipt appointment as clerk in War department, orders issued today.

Several members of the National Guard, who were on duty at the armory, were also present.

The men serve this noon at the armory and the number of men taken

the bill as it came from the house. One in the title is to make more apparent its purpose of assisting in the prosecution of the war; another, suggested by Secretary McAdoo is to permit funds raised under the measure to be deposited in banks not members of the federal reserve system and in trust companies. A third is to more clearly exempt certificates of indebtedness from taxation. The bill passed the house Saturday.

Three minor changes were made in the bill as it came from the house. One in the title is to make more apparent its purpose of assisting in the prosecution of the war; another, suggested by Secretary McAdoo is to permit funds raised under the measure to be deposited in banks not members of the federal reserve system and in trust companies. A third is to more clearly exempt certificates of indebtedness from taxation. The bill passed the house Saturday.

care of by each company were as follows:  
Company M: Beef, stew, onions, bread and butter, peaches and coffee; 15 men.  
Company G: Hamburg steak, boiled potatoes, bread and butter, coffee and stewed prunes; 51 men.  
Company C: Roast beef, boiled onions, cream sauce, boiled potatoes, stewed prunes, bread and butter and coffee; 40 men.  
Company K: Beef stew, boiled potatoes, bread and butter, peach sauce and coffee; 10 men.

The men fed at the armory this noon included the officers of the various companies, the headquarters company and Machine Gun company.

A very patriotic flag raising was conducted by the employees of the C. S. Building Co., Saturday noon. The exercises were presided over by John A. Colbin, who made pleasing and appropriate remarks by way of introduction, and then introduced Samuel O'Neill, who gave a brief, but comprehensive and interesting history of the flag. There were remarks on "Patriotism" by Bernard D. Ward, and as the flag was raised a song, "The Star Spangled Banner," was sung.

The flag was raised by Misses Susan Phinney, Elizabeth Howarth and Mac Ella Pitt.

Employees of the repair shop of the Massachusetts mills held a flag raising in their room on Saturday. At the close of work a large banner was unfurled from one of the room windows overlooking the canal and as the folds caught the breeze all sang "The Star Spangled Banner." A brief but appropriate address was given by John M. Brice, a veteran of the Spanish war.

The work of Rice & Co., in a Mill, Vernon street, was the scene of a patriotic and inspiring demonstration on Saturday when the office employees presented a large American flag to the company.

A flag unfurling was held at the home of Mr. and Mrs. E. Richardson, 19 Shaw street, Sunday at 3 o'clock. Appropriate selections were given on a Victor and the flag was unfurled to the strains of "The Star Spangled Banner." A squad from Company M was present and all allegiance to the flag was recited. After the ceremonies light refreshments were served.

FOR ST. ANDREW'S CHURCH

In aid of St. Andrew's parish, a social and dancing party will be given Wednesday evening in Tatham hall in that town by the men's table at the reunion. The orchestra will furnish music for dancing. The tickets are 25c and after the party cars will leave for Lowell.

Several members of the National Guard, who were on duty at the armory, were also present.

## British Patrols in Streets of Lens and Gen. Haig's Men in Outskirts of St. Quentin—Germans Offer Desperate Defense—British Capture Another Important Village—Great Artillery Battle in Region of Rheims

The fighting on the western front has assumed almost the proportions of a general engagement along the whole line, from the North sea to the Swiss border.

As yet the infantry has not been heavily engaged much to the north of Loos, in the Lens region or east of the Soissons region, within which confines the battle of Arras and the struggle for St. Quentin are being waged.

The artillery duel, however, is growing in intensity in the region of Rheims, in the Champagne and down the line to Lorraine and Alsace. Raiding operations by the French in these sectors also have assumed great importance and similar significant activities are being displayed by the British.

Amable J. Duval was arraigned before Judge Enright in police court this morning on a complaint charging him with manslaughter in causing the death of Frank L. Clark, of 115 Branch street. At the request of his counsel, Nils T. Kjellstrom of Boston, the case

was continued for two weeks, Duval being held under \$200 bonds for his appearance at that time. It is alleged that Duval was operating an automobile in Merrimack street last Thursday night and upon reaching

## FIRST APPEAL FOR AID BY SAFETY COMMITTEE

## Money Needed for Relief of Soldiers' Dependents—Conference Held Yesterday Afternoon at City Hall—Increase in Farm Products and Home Garden Proposition Discussed

At a conference held in the mayor's reception room at city hall yesterday afternoon and participated in by the executive committee and finance committee of the Lowell Public Safety Committee, it was figured out that considerable money is now needed to carry on the work for which the committee on public safety was intended, and the finance committee, after going over the matter thoroughly with the executive committee, decided to send out to the public an appeal for funds. The idea is to secure money enough to keep things moving and it is very probable that there will be further appeals for funds at a later date. It was agreed that something must be done at once to take care of the dependents of soldiers, as it will be several weeks before the state money will be forthcoming. The state and nation will eventually do full duty toward the soldiers, but the city must do something for the time being. In order to place all safeguards necessary for the expenditure and care of the fund, it was agreed at the meeting that no bill should be paid except after a sub-committee chairman has approved it, following which the mayor will bring it before the executive committee and finally the chairman of the finance committee is to affix his approval before the treasurer pays the bill.

Yesterday's meeting was quite a long drawn out affair, because pretty nearly everything was in the abstract, and there were so many points to cover that it required considerable time, thought and discussion to get things in the concrete. But it was a very interesting meeting throughout and the executive committee and sub-committees now feel as if they were on a good working basis.

The home garden and farm labor committee, a very important problem, and these matters were gone over pretty thoroughly yesterday. It has already been decided to establish a farm labor bureau at city hall and from the way that things are working out it

## Safety Committee's Appeal for Aid

TO OUR FELLOW CITIZENS:  
The finance committee of the Lowell Committee on Public Safety, appointed by the mayor at the request of the governor, appeals to the loyal and patriotic citizens of Lowell and the surrounding towns for contributions of money to meet immediate and urgent needs.

We have entered into a war and no one can say when it will be ended. We have found the nation, the state and this city totally unprepared for this serious situation. We want money at once and undoubtedly shall require more later. We have already guaranteed the executive committee considerable sums. Money is needed for necessary hospital supplies, for emergency clothing for the soldiers, for immediate and temporary aid for the dependents of soldiers and for the food and planting campaign. Other expenses will follow.

For this present call we ask a generous and prompt response. Checks or contributions in cash may be sent to Austin K. Chadwick, chairman of the committee, at the Lowell Five Cent Savings Bank, or to any member of the committee.

## COURT DISMISSES THE STILES' PETITION

JUDGE ENRIGHT SAYS MATTER DOES NOT COME UNDER HIS JURISDICTION

Judge Enright this morning dismissed the petition of Andrew G. Stiles, former city treasurer, for a review of evidence in connection with his removal, on the ground that inasmuch as Mr. Stiles did not come under the classified civil service the local court has no jurisdiction in the matter. Arguments were made and briefs submitted recently. Qua. Howard & Rogers appearing for the petitioner and the city solicitor for the city.

San want and opportunity adlets produce results.

# INDEPENDENT WIRELESS STATIONS DISMANTLED

WASHINGTON, April 16.—All wireless telegraph stations not operated by the government were today being dismantled during the war, ordered by the secretary of the navy. Failure of owners to comply will result in confiscation of equipment.

## DENY GERMANS TOOK RELIEF RATIONS

LONDON, April 16.—W. D. Gregory, director of the Brussels office of the American commission for relief in Belgium, who has arrived here by way of Switzerland, stated today that the

department take over all radio stations. The department's statement says in part:

"A station is considered closed only when its antenna is lowered, cabled and sealed, ground connection broken and the apparatus is dismantled and packed away. The owners of a station operating in defiance of this order will be under suspicion of being an enemy alien."

report that the Germans had seized a three months' stock of relief commission rations in Lens was erroneous, as the commission, under the advice of the German authorities, removed all food from the warehouses there six weeks ago to a place a few miles within the Belgian border.

The Germans, according to Mr. Gregory, removed the civilian population of Lens three weeks ago.

# CASE OF A. P. VS. I. N. S. ON MAY CALENDAR

NEW YORK, April 16.—The United States circuit court of appeals today placed upon its May calendar the case of The Associated Press vs. the International News Service. It probably will be heard early next month.

The decision of the district court granted a preliminary injunction to The Associated Press against the International News Service, which is a member of the Associated Press, and its cooperation in obtaining a speedy dissemination of such news, and in the event of a failure of the defendant to comply with the injunction, the court ordered the defendant to pay the cost of such preliminary injunction.

From this order, both The Associated Press and the International News Service have appealed.

junction, "for the reason that, although the court is satisfied both on the facts and on the law, the practice is unlawful and inequitable, that complainant is entitled to the injunction upon condition that it submit to a similar injunction in favor of the defendant, which it has offered to do. The legal question is one of first impression and should remain for decision by the circuit court of appeals before an injunction should be granted."

"And it is further ordered that the denial of temporary injunction in the aforesaid particular is conditional upon the co-operation of the defendant and its counsel with any motion made by the complainant to advance the hearing of any appeal it may take to the circuit court of appeals, and their co-operation in obtaining a speedy dissemination of such news, and in the event of a failure of the defendant to comply with the injunction, the court ordered the defendant to pay the cost of such preliminary injunction."

## SPEAKERS ATTACKED THE UNITED STATES

AMSTERDAM, via London, April 16.—The Hamburg Freidenkblatt publishes an account of an anti-American demonstration in Hamburg at

which speakers bitterly attacked the United States. Among the assertions made were that no nation enjoys greater internal liberties than Germany and that President Wilson is a hypocrite in pretending that the German government forced America to abandon her neutrality.

Lord Hughes greeted a question as to how America would feel if Germany wanted to proclaim President Wilson the Kaiser of the United States. The following resolution was telegraphed to the emperor:

"Three thousand burghers in Hamburg inform President Wilson that the only true and just answer to his message to congress is their affirmation of unshakable trust and loyalty in their Kaiser and empire. They resent as an impertinence any outside attempt to interfere in Germany's internal affairs and likewise reject the vain effort to remove the guilt for the world war from the shoulders of the entire peoples."

## LIKENS THE KAISER TO THAW AND VILLA

LEXINGTON, April 16.—Kaiser Wilhelm was placed in the same category with Villa and Harry Thaw yesterday by Dr. Local Lincoln Wirt, who in an address at the meeting of the Lexington Historical society, classed the trio as "insane brigands." He expressed the view that the war will end before another winter.

## SEEK PLAN FOR AIDING DEPENDENTS

INVESTIGATION TO ARRIVE AT UNIFORM SYSTEM BY THE CHAMBER OF COMMERCE

WASHINGTON, April 16.—An investigation to arrive at a uniform system of caring for dependent families of men enlisted in the army or navy will be undertaken by the chamber of commerce of the United States at the request of the Council of National Defense. It was announced last night that a special committee of employers will be named immediately to advise the council on the subject.

The chamber's move was prompted by inquiries from members who desired to know whether the government had in mind any plan for civilian assistance to families of members of the naval and military establishments. The Defense Council, appealed to for information, replied that no plan had been proposed and accepted the chamber's offer to investigate and suggest one.

Secretary Baker, as chairman of the Defense Council, suggested that until a system is approved, employers make only temporary arrangements with their employees wishing to enlist. Some employers, it is said, already have made arrangements similar to those made by many corporations when the National Guard was called to the border. They either have agreed to pay the full amount of their wages salaries or the difference between the army wage and that previously received by employees.

E. A. Zierling, an Akron, Ohio, manufacturer, probably will be named chairman of the committee to investigate the question. The committee's first meeting will be held in Washington within a short time.

Not alone will the evening be devoted to the entertainment, but general dancing with Recruit's orchestra will be enjoyed from 9 to 12 o'clock. Watch for the electrical displays to introduce the "Buckley" and other songs by members of the glee club.

## "WAKE UP, AMERICA DAY" IN NEW YORK, APR. 19

NEW YORK, April 16.—Thursday, April 19, and Saturday, April 21 will be regular red letter days for New York state in the campaign for national defense. The movement to celebrate "Wake up, America Day" on April 19, the anniversary of the battle of Lexington, originated here with the recruiting sub-division of the mayor's committee on national defense and plans announced today for a great patriotic demonstration on that date will set the pace for the whole country. April 21 has been designated by Gov. Whitman as agricultural mobilization day.

The principal event of the "Wake up, America Day" program will be a great mass meeting in Carnegie hall lasting from 2 p. m. Thursday until 2 a. m. Friday. There will be patriotic addresses by prominent men, well known actors and actresses will contribute to a vaudeville program; more than 200 young society women will distribute programs and flags.

# TO TRAIN ROOSEVELT'S ARMY IN FRANCE

WASHINGTON, April 16.—Theodore Roosevelt's plans for raising and accompanying a volunteer expedition abroad were laid before the senate military committee today by Chairman Chamberlain at a meeting called to consider the administration's army selective bill. Details of the plan were submitted by the colonel to the chairman of the senate and house military committees in response to a request made when he was here recently to confer with President Wilson about his project.

While expressing hearty approval of the administration's bill, Col. Roosevelt insisted that volunteers could be put on the firing line and that the American flag should be there at the earliest possible moment.

Members of the committee gave careful study to the proposal, but there was no definite indication what action will be taken.

The committee was expected to determine today whether to hold public hearings on the administration bill. Whether this is done or not, war department officials and army officers will continue their arguments for the legislation before the two committees.

### Train Force in France

The colonel said he did not seek to have the volunteer system interfere in any way with or substitute for the obligatory plan, but that except in certain cases the volunteers should be taken under obligatory service.

He proposed an amendment to the act of March 3, 1916, providing for the raising of 25,000 volunteers, so as to authorize the president to raise a force of not more than 100,000 (or 200,000 or 500,000 later) for three years or the

character and customs. Mr. Martus told a sad story of her plight at the present time and of the woe of the nation of war. He recited the tragedy endured by his unhappy country at the hands of Russia and Germany alike and concluded with an appeal for assistance.

"If Americans refuse to help Lithuania," he said, "and if neutral European countries will not extend a helping hand, the greatest preserver of the old and pure language will starve. Hunger will bring to Europe the most dreadful diseases. Then will come the cry of despair. Modern trenches, bayonets and famous German howitzers will not be able to prevent disease and hunger. Lithuania needs help and needs it immediately."

### HOLY ROSARY SOCIETY

The Sacred Heart Holy Rosary society will hold a calvary party in the school hall on Friday evening, April 27, and the indications are that it will be a great success. The affairs of the society are always among the most enjoyable of the parish parties, and are looked forward to with pleasant anticipation. The members are enthusiastic over the coming party, and a large crowd is expected. There will be a grand march, concert, dancing and refreshments.

On Friday night the Crescent ladies go to Manchester to finish the 20-string match with the ladies of the Queen City.

### TEMPERANCE CAMPAIGN

For the past three weeks a temperance campaign has been carried on in the public schools of the city under the auspices of the Allied Temperance organizations of the state. The campaign has been the personal guidance of the committee on education of the Unitarian Temperance society, consisting of Thomas H. Elliott of Lowell, Rev. Elmer S. Forbes and Rev. Lyman W. Kirtland.

The campaign opened on Monday, March 25 and one 20-minute address was given in each school room each week for three weeks.

ing the junction of Allen street struck and knocked down Mr. Clark. The latter was taken to the Lowell hospital where it was found he was suffering from a fracture of the skull. Everything was done to save the man's life but he died Saturday night.

### Brought in on Capias

George C. Kennedy was brought into court on a capias and after Judge Enright had heard the circumstances connected with the case he ordered the defendant to furnish \$200 bonds to keep the peace for six months. A short time ago Kennedy was in court for threatening a young woman, he having annoyed her on many occasions. Upon promising to leave the woman alone he was placed on probation but of late he has been annoying her and she reported the matter to the police and Kennedy was arrested on a capias.

### Howard Street Raid

Det. Alexander Duncan, accompanied by Patrolmen Daniel Lynch and Keegan, made an unexpected visit to a house in Howard st. early yesterday morning and interrupted a game of morning and interrupted a game of cards and placed nine men under arrest and sent them to the police station where they were charged with being present at a game of cards on the Lord's day. Those arrested gave the following names: Jacob Brown, Reuben Cohen, Jacob Baresky, Max Levine, Lewis J. Wolf, Simeon Sideman, Charles Miller, Abram J. Wolf and Julius Parlofski.

In court this morning all entered pleas of guilty with the exception of Baresky, who entered a plea of not guilty.

Patrolman Keegan said he found all

of the men in a dining room in a boarding house in Howard street. There was no victuals in sight, the only things on the table being cards and money. Patrolman Lynch corroborated the testimony offered by the previous witnesses.

Baresky said he boarded in the house and did not even watch the men playing.

Parlofski was found not guilty and discharged.

The others were found guilty and each ordered to pay a fine of \$5.

### Know Better Next Time

Mike Molwetz went into Champagne's restaurant in Thorndike street Saturday afternoon and ordered a steak and started to walk out without paying for it. Mr. Champagne called the man's attention to the fact he had not paid for the food but Molwetz insisted that he had. Patrolman Dole was called in and owing to the fact that the man was under the influence of liquor he was placed under arrest. In court this morning he was ordered to pay a fine of \$5.

### Case Was Continued

Fred Gordon pleaded guilty to a complaint charging him with the larceny of \$11 in money the property of Alexander J. Read. At the request of the prosecution the case was continued until tomorrow morning.

### Drunk Offenders

Edward F. Martel, charged with drunkenness, was given a suspended sentence to the state farm.

John Draddy was released from jail Saturday morning and was arrested yesterday by Patrolman Swanwick. It was his sixth appearance within a year but on condition that he would leave the city within 24 hours he was given a suspended sentence of six months in the house of correction.

### Non-Payment of Fine

Chas. F. Mullen was arrested on a capias for the non payment of a \$20 fine. On May 23rd he appeared before the court and after being found guilty of larceny was ordered to pay a fine of \$20 and given time in which to pay it. He failed to pay the fine and this morning was sentenced to 40 days in jail.

### French Push Forward

The situation around St. Quentin is little changed, but both the British statement and the French reveal a situation there which is making the town untenable for the Germans. In the district to the south the French are steadily pushing forward, reporting today the capture of several points of support in the region of the upper Soisy forest.

### Germans Report Successes

Increasing probability of the opening of important operations between Soissons and Rheims and in the western Champagne is indicated by the German official report that "infantry divisions developed this morning over wide sectors" after heavy artillery firing and reconnoitering drives.

"The severity of the fighting accompanying the German counter attack yesterday on a six-mile front on both sides of the Bapaume-Cambrai road is emphasized by today's German headquarters' statement. It announces the capture of 475 prisoners and 15 machine guns from the British and the destruction of 22 British guns which had been captured by the Germans but apparently could not be taken with them when they were driven off.

According to reports brought to Amsterdam by travelers from Germany, a general strike began in Berlin this morning, accompanied by rioting.

### BRITISH TAKE VILLERIE

LONDON, April 16.—Although British patrols have been to the streets of Lens and Gen. Haig's men are in the outskirts of St. Quentin, the fall of neither of these towns has as yet been officially announced.

The Germans, it is apparent, have sent in their reserves and are making a desperate defense to enable their engineers to complete the destruction of mines and factories of Lens, which might be useful to the allies.

Despite the fact that all along the line between Lens and St. Quentin the German resistance has stiffened, Gen. Haig reports to day the capture of Villers which straightens his line northwest of St. Quentin, and announces further progress to the northwest of Lens. Counter-attacks which the Germans have launched at Monchy and Lagnieu suggest that the British are approaching dangerously near the new German line which, according to unofficial accounts, the Germans had not had time to complete before the British offensive was launched.

# STARTING MUNITION FACTORIES REQUIRES TIME PLANTS OFFERED

Special to The Sun  
WASHINGTON, D. C., April 16.—Congress has its hands more than full in framing measures to raise men and money for carrying on the war. And not the least of the perplexing questions which the government faces is how to supply a sufficient quantity of arms and munitions to equip the great army which will result from volunteer or conscription.

## NUX IRON PEPSIN and SARPAPARILLA—Effective Combination.

As comprised in Hood's Sarsaparilla and Pepsin Pills, these valuable remedies possess unequalled health-value, for the alleviation and cure of a long train of ailments common among our people in this 20th century. In these days of rushing and pushing, beyond the endurance of even the most robust, nearly every man and woman needs and must have the aid of the health-giving powers of this combination of medicines to support and sustain normal health tone. If it is not supplied, the depletion of the blood and the broken-down nerves will soon give way to permanent invalidism and ruined health.

The very best remedies for blood-purifying and nerve-strengthening are found in Hood's Sarsaparilla and Pepsin Pills. You know well the great tonic properties of iron. They are much increased and improved in this combination—Hood's Sarsaparilla before meals, Pepsin Pills after.

ary, and the weapon of the infantry is the rifle." To supply at short notice the necessary number of rifles and the vast amount of ammunition required is a big problem.

### Big Plants Offered

The New England states have been especially prompt in offering to the government the use of great manufacturing plants for this purpose. Massachusetts was in the foremost rank in doing and great plants, in Worcester, Hopedale, Lowell, Fall River and elsewhere were placed at the disposal of the government, to be at its service when needed. The daily capacity of these great plants is enormous but without the specific equipment especially designed for the manufacture of arms and munitions, the plants are but dead timber. Not a step can be taken by them in the way of furnishing war supplies until the required fittings are in place and ready for use. It takes an immense number of dies, gauges and other tools of perfect accuracy to turn out these special parts. There are more than 3000 factories in the country that could be readily transformed into munition factories capable of producing the needed arms and munitions, if equipped with the necessary special appliances. All over the country are great factories supplied with all the major machinery. Whether the present output is candy, fabrics or magnetos, the big machinery, the power making plant and the thousand and one parts that go to make up a big factory can be transformed into a war supply producing plant by the simple change of special appliances. These are standardized and it is the work of but a few hours, or days, to put them in place. But the production of an adequate quantity of these special appliances depends entirely on an ample supply of gauges, tools and fixtures, the making of which requires expert workmanship, expensive material, carefully prepared designs and a very considerable length of time. And of such the government is deplorably lacking.

### Col. Tilson's Foresight

Col. Tilson last year called the attention of congress to the fact that it takes no less than 120 different gauges to make one part of certain munitions.

And that it takes not less than one year to produce the necessary appliances to manufacture small arms ammunition, and field gun ammunition in sufficient quantity to carry on war. At that time he introduced a bill asking that the secretary of war be authorized to provide these special appliances, which included gauges, dies, jigs, tools and fixtures, necessary for the manufacture of arms and munitions sufficient to equip the mobile forces of the United States in time of war. Col. Tilson believed the United States should have these on hand and ready for emergency use. The bill passed, and an appropriation of \$1,000,000, with the fortification bill providing \$500,000 in the army appropriation bill followed. The pending army bill carries an appropriation for an additional \$400,000 for this purpose. Work on these special appliances is well under way, but the war came before an adequate supply could be turned out and the government is now embarrassed by being forced to authorize the manufacture of certain arms along the lines and models of other countries rather than on those manufactured by the United States in its own factories.

### Gauge Makers Confer

Today the gauge makers of the country met here in conference with the munition standards board of the council of national defense. The purpose of the conference was to ascertain what gauge makers throughout the country could at once begin the work as provided for in the Tilson bill, and to learn within what time, and in what quantities, the necessary gauges could be produced. Meeting with the board were the commanders of the United States arsenal and officers of the ordnance department of the army and navy. Congressman Tilson, who is recognized as an ordnance expert, was also present at the request of the munition standards board.

### Enfield Rifle Adopted

The demand for arms and munitions is now so far in excess of the supply that the conference resulted in the decision to save time by adopting the British model Enfield rifle, in place of the standard Springfield rifle. This applies only to rifles to be produced by private factories, as the government factories will continue to turn out the Springfield. The private factories have been producing the Enfield in tremendous quantities for Great Britain, and are thoroughly supplied with the necessary gauges and other special appliances. By rechambering American ammunition can be used in the Enfield, which has a muzzle velocity of 2400, but carries ammunition a trifle larger than does the Springfield with its muzzle velocity of 2100.

### German Preparedness

In talking to The Sun correspondent today, Col. Tilson referred to what happened in a little German village at the time the European war began. There was a big magnet factory in that village, but so far ahead of the German government been in its war preparations, that within ten minutes after orders had been received to manufacture rifles instead of magnetos, the fixtures, jigs and gauges—which had been stored there for years to meet an emergency—had replaced the former appliances, and the huge factory was transformed from magnetos to war equipment with the

bush of scarcely a moment of the buzz and hum of its great wheels. "And," added Col. Tilson, "we must be likewise prepared to transform our factories to meet the needs of the war into which we have entered." Our combination time fuse requires no less than 235 different gauges and various other special tools to make it. It is imperative that the fuse explode the shell at the right moment. All its parts must be constructed with the utmost precision and must be subjected to the fine degree of accuracy which can be done only by these special devices. RICHARDS.

## GRANGE PATRIOTIC EMERGENCY CALL

The following "grange patriotic emergency call" has been received by grange masters from Edward E. Chapman, master of the Massachusetts State Grange, whose headquarters are in Lowell. The call is for a special meeting of every grange in the state and is very important:

Worthy Master: In full recognition of the importance of securing increased food supplies to meet contingencies which may easily arise as this nation

### TO REMOVE DANDRUFF

Get a 25-cent bottle of Danderine at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.

## AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapiesin" Makes Sick, Sour, Gassy Stomachs Feel Fine.

Do some foods you eat, hit back—taste sour, are slow, but not sure, into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, let this down: Pape's Diapiesin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safe, quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is positive in neutralizing the acidity, so the misery won't come back very quickly.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes, your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder due to acid fermentation.

## 'Way in Front for 8 Years

It was in 1909 that Fatimas nosed their way to the front and became the fastest-selling cigarette costing over 10c.

And, except in one or two localities, Fatima's big lead is increasing faster today than ever—in spite of the big sales of cheaper cigarettes, packed to imitate Fatima.

Of course, Fatima's remarkable sales do not make Fatimas taste any better

—in fact, no cigarette can just suit every man's personal taste.

But it proves that MOST men find that Fatimas keep their promises—that Fatimas do taste good and are comfortable while you are smoking and that after you smoke they leave you feeling just as fine as before.

Yes, Fatimas are sensible—and some day you'll become a Fatima smoker.

## SAYS GERMANY OFFERED SCHWAB \$100,000,000

BOSTON, April 16.—An emissary of the German government recently offered Charles M. Schwab the enormous sum of \$100,000,000 on condition that he induce the Bethlehem Steel corporation to abandon the manufac-

ture of munitions for the allies. Mayor Curley, speaking yesterday at a patriotic meeting in the Roxbury high school building, created something of a sensation when he declared that he had received this information directly from Mr. Schwab.

"And this great big American, who stood for the great principles of the republic, refused," said the mayor, amid wild applause.

## DEATHS

**CLARK**—Frank L. Clark, of 135 Branch street, died Saturday evening at the Lowell Corporation hospital, as the result of a fractured skull which he sustained in an automobile accident which occurred at Merrimack and Allen streets early last Thursday evening. Clark had both legs amputated at the knees several years ago. His fatal injuries came as a result of his being run down by an automobile operated by Amable Duval of the Moody Bridge garage. Deceased was 42 years old. He leaves his mother, Mrs. Lucy C. Clark of this city; two sisters, Mrs. Philip P. Dolan of Billerica and Mrs. Mary A. Clark of this city; and four nephews. The body was removed to the rooms of Undertakers Simmons & Brown.

# SUNDAY WAS SALVATION ARMY DAY IN LOWELL

Salvation Army day was celebrated in Lowell yesterday with a varied and splendid program of exercises and meetings, chief of which was a mass meeting held in Y.M.C.A. hall in the afternoon.

Mayor James E. O'Donnell presided and made a brief and happy address, commending the Salvation Army for its humanitarian work. The hall was filled for the meeting and the utmost interest was taken in the proceedings. The meeting opened with music, the headquarters band from Boston lead-

ing. Prayer was offered by Brigadier Mrs. Shepherd, following which Adj. James Bowring introduced Mayor O'Donnell as the presiding officer. After the mayor had spoken, Robert F. Madden, president of the board of trade, was introduced, who also spoke briefly of the work of the army, and said that the community might well take a leaf from the book of the Salvation Army, which does its work methodically for the common cause of mankind. Dr. E. J. Farnham, general secretary of the Y.M.C.A., welcomed the gathering to the hall, and a duet was sung by the Misses Florio and Beulah Bowring.

The principal speaker of the meeting was Col. Adam Gifford, New England chief of the Salvation Army. His topic was, "The Salvation Army and its World-Wide Work." Col. Gifford declared that the members of the Salvation Army are the rough riders of religion. He gave a brief history of the work all over the world and startling statistics of the amount of work done in a year in Boston. Col. Gifford talked for fully 40 minutes, and was most interesting.

The meeting closed with the singing of "The Star Spangled Banner." Prior to the meeting the headquarters band gave a concert on the Y.M.C.A. building.

## GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

In all weathers the skin and complexion can be kept wonderfully clear, soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no pulp gets in. Then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, bleach and bring out the roses and hidden beauty of any skin. Those who will make a habit of gently massaging this lotion into the face, neck, arms and hands once or twice daily may be repaid with a skin that is flexible and young looking and a peach-like complexion.

PROPOSALS

FOR

A Shelter at West Lawn

Cemetery, West of Edson

Cemetery

Sealed proposals will be received from local contractors by the Department of Cemeteries at the office of Percy E. Gilbert, Architect, Friday, April 20, 1917, at 11 o'clock a. m. for the construction of an open shelter having a granite floor, stone pillars, stone ceiling and beams and a Spanish tile roof, to be built at West Lawn cemetery and to be completed within three days after being notified that said contract is ready for signatures.

The Department of Cemeteries reserves the right to reject any and all proposals or to accept the proposal which seems for the best interest of the Department of Cemeteries.

## DISEASES OF CHILDREN

I find worms one of the most common of children's diseases—either pinworms or stomach worms. These parasites make their presence felt through deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

For over 60 years Dr. Trine's Elixir, the Family Laxative and Worm Expeller, has been the standard remedy for worms, stomach disorders and constipation, both for children and adults. Mr. Wm. L. Wells of Houston, Texas, writes: "I want to say that Dr. Trine's Elixir is certainly a fine medicine." At all dealers, 50c, 30c and 15c. Write for us for further information.

Dr. J. F. Trine Co. Auburn, Me.

Captain of Company G, Fifth Infantry, M.N.G., of Woburn, while the husband of the plaintiff was a corporal in the same company. The two men did duty in the Federal service on the Mexican frontier and the suit was brought on the ground that the defendant had made a statement in Texas injurious to the plaintiff's reputation. In this case also a verdict was rendered for the defendant.

## APPEAL FOR AID

Continued

looks as if the bureau would be in a position to help the farmer very materially in the line of help. The bureau will have the support of mill men and others who employ considerable help and their co-operation will tend to simplify matters a great deal.

The home garden agitation seems to have struck a very responsive chord, and a great many have already made application for "little plots of land." The proposition is so attractive that many of the farmers have been forced to take it up and John M. O'Donoghue of the executive committee has already engaged land, an acre or more in Andover street. It really looks as if the suggestion would so develop as to be a lasting good for the community. The proposition reaches out to men and women in the mills. A census of mill help is being taken and the census takers ascertain whom of the men and women know about farming and it is not a great stretch of the imagination to see men and women leaving the mills, in high gear, during the summer, to get out into the open air for two or three days a week. The mill authorities, in order to help out, will allow as many men as they can spare to work on the farms two or three days a week. The pay offered by the farmers for labor question. It was suggested by Freeman M. Bill at a recent meeting that with the prices obtaining at the present time the farmer can well afford to pay the laborer \$2 a day, and that opinion appears to be quite heartily shared by other committee members. Mr. Bill supplemented his suggestion by stating that there are higher prices for farm produce abroad than we have yet experienced. He also stated that prices would be higher on other things—canned goods, for instance. It is because of this situation and war pendements, he said, that the farmer is urged to increase his production and the city man to try not to work in the home garden. The man has even gone so far to suggest that lawns be turned into vegetable gardens.

It was suggested at the meeting yesterday that a great many people who would like to take a hand at the home garden game cannot afford, in the first place, to have the land ploughed, and then comes the question of seed and fertilizer. Somebody rather timidly remarked that perhaps Commissioner Morse could be induced to do the ploughing. As to seed and fertilizer it was decided the problem would be solved by supplying them and taxing the gardener. The committee, it was stated, could buy fertilizer at South Lowell, at cost.

The finance committee does not mention any special sum of money to be raised, although it knows definitely what is required. Assurances of enthusiastic support for the public safety committee in the way of money have been coming in and the committee has no doubt as to the result of the appeal which it is sending out today. It was announced at the meeting yesterday that Harry H. Knapp had sent \$100 to the board of trade to be used in connection with the home garden proposition.

Chairman J. F. Sawyer of the finance committee stated that his committee is ready to undertake the raising of all necessary funds and it is his firm belief that the people of Lowell are in a frame of mind regarding the need for funds that will not permit anything niggardly in the way of a response.

MARGARET ANGLIN The Patriots day attraction at the Playhouse will be the distinguished actress, Margaret Anglin (herself) in her greatest comedy success, "Green Stockings," acknowledged now to be one of the most brilliant comedies in the English tongue.

Miss Anglin, in harmony with her customary plan of making a revival each spring, has selected "Green Stockings" and with her usual care, arranged herself with a cast of notable players.

The appointments will be in keeping with the most exacting standards, Miss Anglin having personally supervised the staging of this revival.

Miss Anglin has played "Green Stockings" in nearly every city in the United States and Canada to enthusiastic applause and has been the star in this city next Thursday afternoon and evening will be the most welcome event since David Warfield appeared in "The Auctioneer" last big play to be seen in this city for several years.

The prices for this attraction range from 25c. to \$2. Order seats early.

CYRUS RELEASE MCGUIRE CHICAGO, April 15.—William McGuire, a left handed pitcher, was released today by the Chicago Nationals to the Providence club of the International league. McGuire came to the locals from Toronto.

BASKETBALL TOMORROW NIGHT A fast, clean, smart game of basketball is expected to be played tonight on the Lowell Five and Boston All Stars meet in the first of a three game series in Associate hall. The Lowell team has not had any real basketball for about 10 days and each member of the team is in tip top condition for a hard battle. The All Stars are a combination of the pick of the greater Boston teams. The lineup will include Hurwitz, Chapman, Nohmer, Connell and Fadd; Grant, Clark, Allison, Mulvaney, McPherson, Low and Foley.

The game is scheduled for 8:15 o'clock and music and dancing will be features as at previous games.

## BISHOP ANDERSON ASKS LOYAL SUPPORT

URGES ALL TO STAND BY GOVERNMENT—OWE EVERYTHING TO THIS COUNTRY

BOSTON, April 16. In a sermon delivered yesterday at the 9 o'clock mass in St. Paul's church, Dorchester, Bishop Anderson urged loyalty to and support of the government.

He said in part: "We are realizing at the present moment that we are confronting war, a war that has been brought about when the country has sought to preserve neutrality, when the sense of justice and honor itself has been with regard to international law. The country has been forced into the war. Therefore it is a duty incumbent upon us to realize that we have to support and stand loyal to the government of this country. We owe everything to this country. It is our duty to our country and to our government, to do her will, to do whatever she demands. If she calls upon us to sacrifice our lives to preserve the nation, we must do it. Knowing that it is in accordance with the plans of Divine Providence, we must give the best of our efforts for the life of the nation."

"We must realize that love of God also demands love for our fellow man. That means we must give even our lives, if necessary, for the defence and welfare of our fellowman and our country. Now, my dear people, there are going to be many sacrifices demanded of us. We must expect some suffering, but let me tell you how you can face all these. Our faith, 'Faith is the victory that overcometh the world.' Faith and trust and confidence in God is going to be the best of the giving of us. In order to have the necessary courage to face war, we must be at peace with God. When our souls are at peace with God, we can face death courageously."

At this point, Bishop Anderson paid a tribute to the mother of the country. "The best we have in the country today is the result of good mothers," he said. "Whatever we are called upon to do, let us respond faithfully, let us be ready to make the sacrifice. Parents, when the time comes for us to do your duty in the giving of your children to the service of our country, be prepared and ready to do it as a duty to the country. Know that you are doing the noblest thing possible in making a sacrifice of that kind."

"Let us, however, keep our faith in God and the spirit of prayer that God may bring peace and victory to this country, in his own good time, but as quickly as possible."

## CHELMSFORD FLAG RAISING

Important ceremonies marked the flag raising which took place on the common in South Chelmsford Saturday afternoon. The affair was attended by over 500 residents of the town and present also were several members of the local companies of the National Guard. Music for the occasion was furnished by the Middlesex County Training School band, while the speaker of the day was Rev. Chas. H. Ellis of Chelmsford.

The flag was raised by Desoy Fleck.

## Your Family Can Spend a Delightful Vacation at Moderate Cost on a Western Mountain Ranch

For health and good time there is nothing like a taste of real ranch life in Wyoming. Lots of people are doing it now, and many ranchers are prepared to take in summer boarders, make them comfortable and give them thoroughly good, wholesome things to eat. Why don't you take the family and spend a vacation on one of these western ranches? We know the reliable ones and will gladly tell you of a number from which to choose, with their facilities and prices.

A few weeks of this kind of life in the open, constantly breathing that wonderful western air, will put you and the family in fine physical condition, and the experience—horseback riding, trout fishing, pinelicking and camping out will fill your thoughts with the joy of living.

Let me plan with you and help you determine just what to do, and explain to you how easy it is to accomplish in these days of perfect train service. Make use of me, that's what I'm here for.

Alex. Steeds, New England Press Art. Co. B & Q. R. Co., 264 Washington street, Boston.

## BIG TAFT MEETING AT THE STATE ARMOY

Already there have been distributed more than 1000 tickets for the Taft meeting at the armory on Wednesday night. As the seating capacity of the drill shed is about 1500 there are 500 seats left for those who apply at the board of trade office at once.

Ticket holders will find seats if they arrive at the armory prior to 7:30 o'clock, but after that time what few seats remain will be placed at the disposal of persons without tickets of admission. It is thought that hundreds of women will attend, and despite rumors to the contrary, women are and always have been welcome.

Former-President Taft will arrive in Lowell late Wednesday afternoon and an escort of honor is being planned.

## AUSTRIA WANTS PEACE WITH RUSSIAN PEOPLE

PARIS, April 16.—A semi-official statement has been issued in Vienna declaring that Austria desires peace with the Russian people and that there is no real obstacle to this aim, according to a Zurich despatch to the radio agency. The despatch quotes a statement issued by a semi-official press bureau in Vienna in which it said that the Austro-Hungarian monarchy has taken note of the recent declaration of the Russian provisional government that it does not seek foreign territory, but desires a durable peace, founded on the rights of people to dispose of themselves.

statement says that the Austro-Hungarian government is inspired by the same desire and continues: "Therefore, both having common ends, it is not difficult to find means of arriving at accord. This is much less difficult since his majesty, the emperor of Austria and king of Hungary, in perfect union with all his allied monarchs, wishes to live in future peace and friendship with the Russian people."

however, as an effort will be made to place the battery on a war footing, which requires 100 men. Physical examinations may be taken at the recruiting office, 130 Merrimack street from 4:30 to 6 o'clock this afternoon.

A unit of a score of men from the Textile school have enlisted in the battery and they will be joined by about 15 young men from Phillips Andover academy, who were turned down at Lawrence headquarters because that battery was filled.

Lieut. Col. Thorndike Howe will be present this evening to address the men and to preside over the meeting for the election of officers, which is to follow the mustering in of the men.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

## Want Pink Cheeks—Red Lips?

Some unfortunate men and women are prone to wonder why some of their friends are blessed with an abundance of color—pink cheeks and red lips—while theirs are always colorless. The reason for this last named condition is—there is not enough red blood corpuscles in the blood—under a microscope the blood is thin and watery. The flesh is flabby too. Well known physicians assert that the regular administration for several months of three-grain hypo-nutrient tablets will greatly improve the color, add to weight, make the cheeks pink and the lips red and in general be very beneficial. For self-administration, obtain from any of the best apothecary shops.

## BRYAN CALLS ON WILSON SUPPORTS WAR PLANS

WASHINGTON, April 15.—President Wilson received William J. Bryan at the White House this morning. They conferred in the president's room before he went to his office.

Mr. Bryan reiterated to the president his offer recently made by telegram to be of any service he could render to the government during the war.

After leaving the president Mr. Bryan dictated a statement declaring his intention to support the government in any war plans upon which it might decide. He declined, however, to discuss conscription specifically.

In his future speech, about the country needing a call from the government for his services, Mr. Bryan said he would lay special stress on the food situation. He is gathering data along that line for use in his address.

Mr. Bryan said he endorsed any plan to prohibit the use of grain for making liquor during the war.

"I am in hearty sympathy," he said, "with the effort to conserve the food supply by not allowing the bread to be shortened in supply. In order to lengthen the supply of alcohol, it is not wise to starve the people in order to make them drunk."

Before calling on the president Mr. Bryan conferred with Secretaries Baker and Houston. He also planned to see Secretary Daniels and Postmaster General Burleson. Mr. Bryan left here shortly after seeing the president, for Litchfield, Pa., where he speaks tonight.

## BIG BRITISH TANK STEAMER HAS BEEN SUNK

NEW YORK, April 16.—The British tank steamer, *Carleton*, 3,990 tons, and one of the largest carriers of bulk oil ever built, has been torpedoed and sunk somewhere off the Irish coast according to word brought here today by officers of a British ship.

The *Narragansett* was owned by Anglo-American Oil company. At the office of the company it was said no word of the vessel had been received, although several reports that she had met with disaster had reached here from unofficial sources.

The *Narragansett* was last reported when she left here for a British port on March 2. She was built in 1903 at Greenock, Scotland, and could carry 11,000 tons of oil.

## U. S. WARSHIP CARRANZA SAYS MEXICO TO BE NEUTRAL

MEXICO CITY, April 15.—In his address to congress last night Gen. Carranza devoted much attention to the reclamation of diplomatic relations with the United States, severed in 1912. He pointed briefly on the Beaton case and referred to the occupation of Vera Cruz as a "lamentable incident."

Following an account of the Villa raid on Columbus and the clashes with American troops at Carrizal and Matamoros, he said:

"This can be considered as a period of war with the United States for hostilities had commenced. Nevertheless, the government continued to treat the situation by diplomatic methods and secured in the shortest possible time the consent of the American forces. Actually both countries were inspired by the most sincere desire to continue the cordial relations which previously existed. Still I am obliged to inform congress that the American government notwithstanding its desire to encourage friendship with us, has not raised the embargo on arms and ammunition consigned to this government."

In regard to Mexico's position as a neutral nation, Gen. Carranza said:

"Mexico will endeavor to continue to follow a policy of the most rigorous and strict neutrality in the European war. I am able to assure you that actual relations with all the peoples on earth are friendly."

## GERMAN ACTIVITIES CONTINUE IN MEXICO

WASHINGTON, April 15.—Further evidence of German activities in Mexico, spreading anti-American and anti-entente propaganda, and exerting their influence upon the Mexican government are contained in diplomatic reports passing through here to European capitals.

Funds of several foreign banks are reported to be in danger. Circulation of any matter at all favorable to the United States or the entente is disapproved by Mexican officials and the newspapers in Universal recently was suppressed because of publications approved by German agents. The publisher and editors have been summoned before a military tribunal.

Property of foreigners, Germans excepted, is said to be in constant danger. Efforts of the German propaganda agents and agents being directed especially against materials which might be of assistance to the enemies of Germany. The writer of one of the reports asserts that he has information that 15,000 barrels of oil, the property of the Eagle Oil Co., a British concern, has been burned at Altamira.

The German bank and the legation in Mexico City are said in these reports to be dominating Mexican affairs more than ever, the former having intimate connections with Mexican finances and the latter guiding and advising the government.

## WAS FIRST BILLERICA BOY TO ENLIST

The honor of being the first Billerica boy to enlist after war was declared with Germany, goes to Charles W. Buckley, son of Mr. and Mrs. Lawrence W. Buckley of Talbot avenue.

The news that their boy had enlisted came as a great surprise to Mr. and Mrs. Buckley, but they met it bravely. It was the boy himself who told them, and while the mother could not hold back the unbidden tears she did not seek to discourage the lad, and the father, looking him in the eye, said: "I am proud of you, my boy, for you have done your duty."

It seems fitting, too, that Charles W. Buckley should be the first Billerica boy to enlist, for on the soldiers' monument in Billerica Centre are inscribed the names of his grandfathers, John Buckley and Francis Maxwell, and his uncle, Dennis Buckley.

## BURNING OIL POURED OVER THREE MEN

FEED PIPE BROKE CAUSING DOORS OF FURNACE TO BLOW OUT—THREE MEN BADLY BURNED

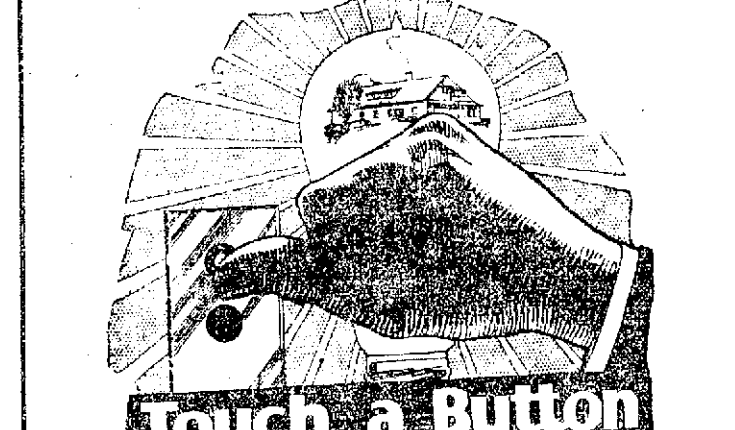

BOSTON, April 15.—Three men were badly burned, one probably fatally, today when the doors of a furnace at the Mead-Morrison Manufacturing company's plant in the East Boston district on which they were working, burst open and burning oil poured over the bodies. The accident was caused by the breaking of an oil feed pipe.

The Mead-Morrison Co. is engaged in the manufacture of shell cases for the allies.

WAR REVENUE BILL IS  
APPROVED BY SENATE  
FINANCE COMMITTEE

WASHINGTON, April 15.—The seven billion dollar war revenue bill which has passed the house was approved today by the senate finance committee and will be taken up in the senate tomorrow for passage.

The committee vote was unanimous and senate leaders expect to make an effort to put the bill through in one session.

Three minor changes were made in the bill as it came from the house. One in the title is to make more apparent its purpose of assisting in the prosecution of the war; another, suggested by Secretary McAdoo, is to permit funds raised under the measure to be deposited in banks not members of the federal reserve system and in trust companies. A third is to more clearly exempt certificates of indebtedness from taxation. The bill passed the house Saturday.

A conference of republican senators was called for tomorrow before the senate session to discuss in addition the various administration war measures, including selective conscription and war plans. Republican leaders said it was not believed the conference would attempt to pledge senators to united party action on any legislation as non-partisan action upon all of the war measures is desired.

## PROCLAMATION APPROVED

WASHINGTON, April 16.—Without

debate the senate today adopted a resolution by Senator Owen expressing its approval of President Wilson's proclamation to the people calling on all for war service.

## UNIVERSAL SERVICE BILL

WASHINGTON, April 16.—The universal military service bill was taken up today for the first time by the senate military committee. The measure was explained in detail behind closed doors by Secretary Baker and Judge Advocate General Crowder. Whether public hearings, requested by many persons and organizations will be held, has not been determined.

Several senators indicated opposition to the draft plan, but a majority was understood to favor approving the administration plan of selective conscription. To the proposal that volunteers first be called for, Secretary Baker replied that such call has in substance and effect, been made already by the war department announcements opening the army and national guard to volunteer enlistments to war strength of existing organizations. The house military committee meanwhile began drafting a bill of its own. There has been a general discussion but no important action. Chairman Dyer said communications to the committee were about evenly divided for the volunteer system and selective conscription.

DUVAL IS ARRAIGNED IN  
POLICE COURT CHARGED  
WITH MANSLAUGHTER

Amable J. Duval was arraigned before Judge Knight in police court this morning on a complaint charging him with manslaughter in causing the death of Frank L. Clark, of 115 Branch street. At the request of his counsel, Nils T. Kjellstrom of Boston, the case

was continued for two weeks. Duval being held under \$2000 bonds for his appearance at that time. It is alleged that Duval was operating an automobile in Merrimack street last Thursday night and upon reaching Nils T. Kjellstrom of Boston, the case

GENERAL STRIKE  
AND RIOTS IN  
BERLIN

LONDON, April 16, 16 p.m.—Travelers arriving in Holland from Germany, according to a dispatch from Amsterdam to the Central News Agency, say that a general strike was commenced this morning in Berlin and that riots have taken place in the German capital.

COURT DISMISSES THE  
STILES' PETITION

Judge Knight this morning dismissed the petition of Andrew G. Stiles, former city treasurer for a writ of habeas corpus in connection with his removal from the ground that inasmuch as Mr. Stiles did not come under the classified civil service the local court has no jurisdiction in the matter. Arguments were made and briefs submitted recently. Quin, Howell and Rogers appearing for the petitioner and the city solicitor for the city.

R. A. ASKS TO HAVE  
INJUNCTION VACATED

BOSTON, April 16.—Howard C. Winslow of Rome, N. Y., general counsel for the supreme council of the Royal Arcanum, a fraternal insurance organization today petitioned Federal Judge Aldrich to vacate the injunction restraining the supreme officers from carrying on the business of the order and to set aside the receivership. A receiver was appointed Saturday on petition of Albert L. Hobart of Braintree, who alleged that the reserve fund of the order, amounting to nearly \$4,000,000 had been illegally administered.

Among the corporations formed last week in Massachusetts, with the capitalization and the names of the leading incorporators, are: Mundy Bridge Garage Co., Lowell, \$100,000; President, Albert R. Anderson, West Roxbury; treasurer, Nils T. Kjellstrom, Roslindale; clerk, Alfred E. Sweet, Newton. Simpson, Roland C., Lowell, groceries, \$200,000; President, Edmund T. Simpson, treasurer, Charles T. Fox, land clerk, J. Victor Carey, all of Lowell.

Laverne W. Colby of Lowell has been chosen president and treasurer of the Colby Motor Co. of Lawrence, incorporated last week for \$10,000.

GENERAL BATTLE FROM  
NORTH SEA TO THE  
SWISS BORDER

The fighting on the western front has assumed almost the proportions of a general engagement along the whole line, from the North Sea to the Swiss border.

As yet the infantry has not been heavily engaged north to the north of Lou, in the Lens region or east of the Soissons region, within which confines the battle of Arras and the struggle for St. Quentin are being waged.

French and Belgians Active  
The artillery duel, however, is growing in intensity in the region of Rheims, in the Champagne and down the line to Lorraine and Alsace. Raiding operations by the French in these sectors also have assumed great importance and similar significant activities are being displayed by the Bel-

gians north of the present great battlefield.

Great Artillery Battle  
Were attention not centered at present on the dramatic situations about Lens and St. Quentin, the fall of both of which towns is considered imminent, the great artillery battle in the region about Soissons and Rheims, which has been going on for several days would doubtless have attracted more notice. As it is the potential importance of this duel of the big guns cannot be minimized, presaging, as it may, offensive movements of the infantry on a large scale.

In this connection the probability of a northward push by the French from the Rheims region to turn the left flank of the Hindenburg line as the British have turned the right at

Vimy, has come to the front while the artillery battle has been raging.

Desperate German Resistance  
Desperate German resistance and a probable desire by the British to squeeze the Germans out of Lens rather than drive them from this coal mine and factory town by a direct frontal attack have delayed the fall of the city.

British Closing In  
Today's official statement from London, however, shows the British lines creeping steadily closer, notably on the northwest.

Within the town the Germans are reported working havoc in the destruction of the industrial plants and mines and feverishly removing guns and

WILSON APPEALS TO NATION  
TO WORK TOGETHER  
FOR VICTORY

WASHINGTON, April 16.—In a personal appeal addressed last night to his fellow countrymen, President Wilson calls upon every American citizen—man, woman and child—to join together to make the nation a unit for the preservation of its ideals and for the triumph of democracy in the world war.

"The supreme test of the nation has come," says the address. "We must all speak, act and serve together." Putting the navy on a war footing and raising a great army are the simplest parts of the great tasks ahead, the president declares, and urges all the people, with particular emphasis upon his words to the farmers, to concentrate their energies, practice economy, prove unselfishness and demonstrate efficiency.

The address follows:

President's Address  
"The entrance of our own beloved country in the grim and terrible war for democracy and human rights which has shaken the world creates so many problems of national life and action which call for immediate consideration and settlement that I hope you will permit me to address to you a few words of earnest counsel and appeal with regard to them.

"We are rapidly putting our navy upon an effective war footing and are about to create and equip a great army, but these are the simplest parts of the great task to which we have addressed ourselves. There is not a single selfish element, so far as I can see, in the cause we are fighting for. We are fighting for what we believe and wish to be the rights of mankind and for the future peace and security of the world.

"To do this great thing worthily, successfully, we must devote ourselves to the service without regard to profit or material advantage, and with an energy and intelligence that will rise to the level of the enterprise itself. We must realize to the full how great the task is and how many things, how many kinds and elements of capacity and service and self-sacrifice, it involves."

"These, then, are the things we must do and do well besides fighting the things without which mere fighting would be fruitless:

## Must Feed People of Europe

"We must supply abundant food for ourselves and for our armies and our seamen not only, but also for a large part of the nations with whom we have now made common cause, in whose support and by whose sides we shall be fighting."

"We must supply ships by the hundreds out of our shipyards to carry to the other side of the sea, submarines or no submarines, what will every day be needed there and abundant materials out of our fields and our mines and our factories with which not only to clothe and equip our own forces on land and sea, but also to clothe and support our people for whom the gallant fellows under arms can no longer work, to help clothe and equip the armies with which we are co-operating in Europe, and to keep the looms and manufacturing there in raw material, coal to keep the fires going in ships at sea and in the furnaces of hundreds of factories across the sea, steel out of which to make arms and ammunition both here and there; rails for war-torn railways back of the fighting

ALLIED COMMISSIONERS  
TO BE RECEIVED BY  
WILSON WEDNESDAY

WASHINGTON, April 16.—It was announced today that President Wilson would receive the British commissioners to discuss conduct of the war at the White House on Wednesday. Foreign Minister Balfour heads the commission. It also was announced that the president will receive the French commissioners on the same day if they have then arrived in the country. The French commission includes former Premier Viviani, General Joffre and other distinguished Frenchmen.

Elaborate preparations have been made for the entertainment of the commissioners. At 11 A. M. on Wednesday, Admiral Choquet, dean of the French admiralty and, because there are no admirals in the French navy, of the highest rank in that service, will represent the French navy on the commission. This will make the commission composed of 31. Viviani, minister of justice and former premier; Grand Marshal representing the army; Vice Admiral Choquet of the navy and Admiral Pierre de Chabrun, representing the French chambers.

Henry White, former American ambassador to France, and Italy, has taken the use of his home here, adjacent to the French embassy, for the accommodation of the French commission and the offer has been accepted. The British commission will have at its disposal the new home of Brookline, near the stopping place of state, quite near the stopping place of the French commission.

of the French commission. Capt. Andre Tardieu, who is coming to Washington separately, as French high commissioner, is to deal entirely with technical matters and his functions do not extend to the diplomatic field, though he will be in close connection with the French embassy. There are now in the United States several French commissions and boards of a technical character concerned with the purchase of war materials, whose functions frequently overlap and whose work is sometimes duplicated. Capt. Tardieu will have full powers to deal directly with these questions without reference as at present to the French authorities at home and thus will be able to relieve Ambassador Jusserand of the handling of many vexatious questions and save much time.

## ROUND UP SLACKERS

WASHINGTON, April 16.—One of the first efforts of the British war commission coming to America will be to round up all the slackers who have been avoiding military service by remaining in the United States and force them into either the American or British armies. The British commissioners hope to accomplish this by having the United States pass a law either permitting recruiting of all its subjects in the United States or making such subjects liable to the universal service provision of the new army bill.

NAVY RECRUITS EXAMINED  
AND SWORN IN HERE

Beginning today and until further notice, all recruits for the navy taken at the Lowell office will be examined and sworn into service right here for Capt. C. F. Snow, U.S.N., retired, whose home is at Rockland, Me., arrived in Lowell today for the purpose of taking care of the recruits, while John W. Hammond, U.S.N., R.F., has been detailed to this city for physical examination.

Heretofore the new recruits were weighed and measured and had their sight examined in this city, and if passed by the recruiting officer they were sent to Boston at the expense of Uncle Sam and there they were physically examined and sworn into service. This has been done away with for the captain and assistant surgeon will hereafter look after that end of the work in Lowell.

Captain Snow stated this afternoon that he will remain in this city indefinitely. He said he will take care of the recruits in the Valley district including Lowell, Lawrence, Haverhill, Amesbury and Newburyport, for which Lowell is the headquarters, and in addition he will install sub-stations in Dover and Manchester, N. H. This afternoon the captain swore in ten new recruits and he has many more names on his list to look after tomorrow. As soon as a man is sworn in, service he is assigned from Lowell to either the navy yard at Charlestown or aboard some of the battleships which are in port in Boston.

## STRIKE AT NEWTON PLANT

About 75 employees of the leading room of the Newton Mfg. Co., manufacturers of munitions, went on strike this morning, quitting work about 10 o'clock claiming that they should receive higher wages than the employees of the other departments of the plant. The company claims that production should be reduced and that they were being worked too hard.

In conversation with a representative of The Sun, Francis C. Newton, vice president of the company, said: "Between 75 and 80 employees of the leading department went on strike this morning, but I feel that they will soon return to work for they are receiving higher wages than the employees of the other departments under which they work are very good. They are also above in the leading department and the strike will not in any way cripple our work in other departments. If the men do not return to work we will have to 'break in' new ones just the same as we broke in the strikers, but I believe that after the meeting this afternoon they will decide to return to work."

## "WHITE ELEPHANT"

The Seagraves ladder truck, which has been lying idle at the Central fire station for a long time will soon be placed in commission and will be drawn by four horses. This truck was purchased for and stationed at the fire house in West Centralville for a long time, but was so heavy that it was known as the "horse killer." It being almost impossible for three horses to pull it up a steep hill. After several experts had looked the piece of apparatus over it was decided that if the wheels were equipped with rubber tires and an other horse added that it could be pulled. The other part of the truck is at the top of the ladders and it is the intention to push the ladders forward several feet and have the other man's seat lowered. When the changes have been made it will be stationed at the Central fire station and the big Seagraves truck will be transferred to West Centralville.

## STILL THIRTY COME

Men, women and boys this afternoon at 10 o'clock Engine 2 was called to Middlesex Village to extinguish a five-story place which burned up considerably, at 3.35 these 10 attended to a gas fire in Varnum avenue and at 3.55 Engine 4 was called to lower Andover street to extinguish a gas fire.

AMES HOPES TO  
TRAIN 15,000  
FOR GUARD

BOSTON, April 16.—Col. Butler Ames, recently appointed commander of the Home Guard forces of the state, announced today that there would be no limit to the membership, "except the limit of patriotism and willingness of Massachusetts men to serve." While applications indicated that between 10,000 and 12,000 men would soon be available, Col. Ames said he hoped to train and equip at least 15,000 men.

## TELEGRAPHIC BREVITIES

CHESTER, Pa., April 16.—Two additional deaths among those injured in the explosion at the plant of the Edystone Ammunition corporation last Tuesday makes the unofficial total number of dead 122.

TASHKENT, Asiatic Russia, April 15, via London, April 16.—Gen. Alex. Kuropatkin, governor-general of Turkistan, his assistant, Gen. Yeroff and Gen. Sivers, chief of staff, have been arrested by the council of soldiers' delegates.

LONDON, April 16, 7.45 p. m.—The British press has been full of reports today about the Turkish forces which made an advance from the hills beginning April 5, the war office announces.

Washington, April 16.—The house today adopted a resolution changing the reference report on the general debt-ceiling appropriation bill which includes \$100,000,000 for use as the president sees fit. The bill now goes to the president for signature.

The house adjourned until Wednesday.

WASHINGTON, April 16.—Senator Swanson today introduced the administration bill to authorize the president to requisition merchant ships in time of war, the compensation to be fixed by the government.

## AUTO CAUGHT FIRE

District Chief Sullivan's automobile caught fire in front of the central fire station early this afternoon and but for a quick dash of Pyrene and a hand extinguisher the machine might have been destroyed. The blaze was due to a leak in the intake pipe. After the fire was extinguished the hole in the pipe was soldered and was soon in commission again.

OTTAWA, Ont., April 16.—C. E. Hogg, 282 Belmont street, Brockton, Mass., and Harold L. Davis, Boston, were wounded while fighting with the Canadian expeditionary forces at Vimy ridge, the war records office reported last night.

# INDEPENDENT WIRELESS STATIONS DISMANTLED

WASHINGTON, April 16.—All wireless stations not operated by the government were ordered dismantled during the war today by direction of the secretary of the navy. Failure of owners to comply will result in confiscation of equipment.

The action was taken under the executive order recently issued by President Wilson, directing that the navy department take over all radio stations. The department's statement says in part:

"A station is considered closed only when its antenna is lowered, coiled and sealed; ground connection broken and the apparatus is dismantled and packed away. The owners of a station operating in defiance of this order will be under suspicion of being an enemy alien."

## DENY GERMANS TOOK RELIEF RATIONS

LONDON, April 16.—W. D. Gregory, director of the Brussels office of the American commission for relief in Belgium, who has arrived here by way of Switzerland, stated today that the

report that the Germans had seized a three months' stock of relief commission rations in Lens was erroneous, as the commission, under the advice of the German authorities, removed all food from the warehouses there six weeks ago to a place a few miles within the Belgian border.

The Germans, according to Mr. Gregory, removed the civilian population of Lens three weeks ago.

## CASE OF A. P. VS. I. N. S. ON MAY CALENDAR

NEW YORK, April 16.—The United States circuit court of appeals today placed upon its May calendar the case of The Associated Press vs. the International News Service. It probably will be heard early next month.

The decision of the district court granted a preliminary injunction to The Associated Press against including the members or employees of The Associated Press in first, inducing or permitting the use of any news of The Associated Press so obtained; second, from inducing or procuring any of The Associated Press members or any of the newspapers represented by them, to violate any of the conditions of the by-laws of The Associated Press.

In respect of the practice of copying the news of The Associated Press from newspapers and bulletin boards, the judge denied the preliminary in-

junction. "For the reason that, although the court is satisfied both on the facts and the law that the practice is unlawful and inequitable, that complaint is entitled to the injunction upon condition that it submit to a similar injunction in favor of the defendant, which it has offered to do, the legal question is one of first impression and should remain for decision by the circuit court of appeals before an injunction should be granted."

"And it is further ordered that the denial of temporary injunction in the aforesaid particular is conditional upon the cooperation of the defendant and its counsel with any motion made by the complainant to advance the hearing of any appeal it may take to the circuit court of appeals, and their co-operation in obtaining a speedy disposition of such appeal, and in the event of failure of the defendant or its counsel to comply with these conditions, the complainant may renew its application for such preliminary injunction."

From this order, both The Associated Press and the International News Service have appealed.

AMSTERDAM, via London, April 16.—The Hamburg Fremdenblatt publishes an account of an anti-American demonstration in Hamburg at

which speakers bitterly attacked the United States. Among the assertions made were claims that no nation enjoys greater internal freedom than Germany and that President Wilson is a hypocrite in pretending that the German government forced America to abandon her neutrality.

Loud laughter greeted a question as to how America would feel if Germany wanted to proclaim President Wilson the Kaiser of the United States. The following resolution was telegraphed to the thousand burghers in Hamburg:

"Three thousand burghers in Hamburg inform President Wilson that the only true and just answer to his message to congress is their affirmation of unshakable trust and loyalty in their Kaiser and empire. They resent as an impertinence any outside attempt to interfere in Germany's internal affairs and likewise reject the vain effort to remove the guilt for the world war from the shoulders of the entire peoples."

## LICKS THE KAISER TO THAW AND VILLA

LEXINGTON, April 16.—Kaiser Wilhelm was placed in the same category with Villa and Harry Thaw yesterday by Mr. Lloyd Lincoln Whit, who in an address at the meeting of the Lexington Historical society, classed the three as "insane brigands." He expressed the view that the war will end before another winter.

## SEEK PLAN FOR AIDING SUBSTITUTE FOR LEATHER IN SHOE MAKING

INVESTIGATION TO ARRIVE AT UNIFORM SYSTEM BY THE CHAMBER OF COMMERCE

WASHINGTON, April 16.—An investigation to arrive at a uniform system of coding for dependent families of men enlisted in the army or navy will be undertaken by the chamber of commerce of the United States at the request of the Council of National Defense. It was announced last night that a special committee of employers will be named immediately to advise the council on the subject.

The chamber's move was prompted by inquiries from members who desired to know whether the government had in mind any plan for civilian assistance to families of members of the naval and military establishments. The Defense Council, appealed to for information, replied that no plan had been proposed and accepted the chamber's offer to investigate and suggest.

Secretary Baker, as chairman of the Defense Council, suggested that until a system is approved, employers make only temporary arrangements with their employees wishing to enlist. Some employers, it is said, already have made arrangements similar to those made by many corporations when the National Guard was called to the border. They either have agreed to pay the full amount of their men's salaries or the difference between the army wage and that previously received by employees.

F. A. Zierler, an Akron, Ohio, manufacturer, probably will be named chairman of the committee to investigate the question. The committee's first meeting will be held in Washington within a short time.

10,000 SHARK SKINS ARRIVED AT NEW YORK ON SHIP FROM CUBA

## 'WAKE UP, AMERICA DAY' IN NEW YORK, APR. 19

NEW YORK, April 16.—Thursday, April 19, and Saturday, April 21 will be regular 100 letter days for New York state in the campaign for national defense. The movement to celebrate "Wake Up, America Day" on April 19, the anniversary of the battle of Lexington, originated here with the recruiting sub-division of the mayor's committee on national defense and plans announced today for a great patriotic demonstration on that date will set the pace for the whole country. April 21 has been designated by Gov. Whitman as agricultural mobilization day.

The principal event of the "Wake Up, America Day" program will be a great mass meeting in Carnegie hall lasting from 2 p. m. to 5 p. m. Thursday until 5 a. m. Friday. There will be patriotic addresses by prominent men, well known actors and actresses will contribute to a vaudeville program; more than 200 young society women will distribute programs and flags.

## OPPORTUNITIES IN RUSSIA

It is announced that President Wilson is to send a commission to Russia to confer with the officials of the new government on how the United States can best aid Russia not only in prosecuting the war but in establishing the republican form of government on a solid basis and developing the industrial resources of that vast domain.

The momentous events which have occurred in Russia during the last few months and the fact that Germany threatens a drive on Petrograd make it particularly opportune that this nation do all in its power to assist Russia in a successful defense against German attacks and so far as may be supply the funds necessary to conduct the war to a successful issue.

Russia is on the eve of a great era of development. The resources of the country are practically unlimited and the United States can do much to aid in the building of railroads and factories which are imperatively needed throughout the country. Already it is planned to expend \$300,000,000 on railroad construction in the next few years and it is expected this will be largely dependent upon American capital. Russia, vast as is her territory, has but 46,000 miles of railroad whereas the United States has 258,000 miles.

After the war there will be a great demand for lumber in the reconstruction of Europe. There is an abundance of excellent lumber in Russia, but the industry must be developed in the American way by lumber camps and saw mills convenient to railroads.

Russia has been a great field for the sale of American automobiles, the total for 1916 being \$22,000,000. After the war the demand for motor trucks, tractors and farm machinery will be almost unlimited. There will also be a great market there for railroad supplies, iron and steel products, hardware, leather goods and electric appliances. There is, therefore, a great field in Russia for the profitable investment of American capital and an opportunity by this means to cement the cordial relations between the new republic and the United States. Russia needs also the aid of American organizing ability, American equipment and machinery. She is now confronted with problems which the United States has solved successfully during the last forty years. Hence American business interests have a unique opportunity of profiting in the great industrial development which will undoubtedly follow the war in that nation.

Our exports for the year ended June 30, 1916, amounted to \$178,244,245 to Russia in Europe and \$131,018,276 to Russia in Asia. After the war Russia will carry a heavy burden of war indebtedness and a large foreign indebtedness. The aim of the new regime is to develop the industrial resources of the country, stimulate home production, lessen the amount of imports and do a bigger export business. Railroad construction must be undertaken on a large scale in order to make available the raw materials of manufacture which are found in abundance in many districts of Russia, but wholly beyond reach. Russia in turn will be in a position to supply the United States with unlimited raw materials such as hides, furs, wool, flax, bronze, paper, manganese ore, platinum and many other products. There is, therefore, a splendid opportunity for building up a large reciprocal trade between the two largest republics in the world. It is intimated that President Wilson will appoint a Jew on the commission to visit Russia. If that is satisfactory to Russian officials, this would result in a better understanding between the new regime and the Jewish people, something that would certainly be induced to invest money in new enterprises springing up in Russia or even to go there and establish industries to be conducted under their own supervision. There is reason to believe that the discrimination against the Jews in Russia will be superseded by an era of good feeling. If any prejudice be left among the Russian people against this thrifty class, the United States will probably plead for its abandonment. An American commission including one Jewish member can do a vast amount of good in many various directions in Russia.

## WORLD PEACE AFTER THE WAR

The coming of ex-President Taft next Wednesday evening to stand for the league of nations to enforce peace after the war, will be an event of considerable importance. This movement is fast assuming international proportions. The league represented by Mr. Taft is of American origin, its aim being to establish some form of world government at the close of the present war to provide a means of settling international disputes and to use economic and military pressure, if necessary, to compel the signatory powers to submit all their disputes to the world tribunal to be provided.

Thus the defect which made the Hague a failure in point of preventing war, will be remedied. That defect

was the lack of any power to compel submission of disputes. The league contemplates a plan under which all disputes should be settled by peaceful means; but it would not compel the disputants to accept the decision of the world court, feeling that such a course might be too mandatory to be maintained successfully against all the signatory powers. Lord Bryce, one of the foremost men in England, has come out with a plan for a concert of nations to enforce peace after the war; but his plan is more comprehensive than that of Mr. Taft and his confederates. Bryce would use economic pressure and military force to compel the powers not only to submit their disputes to the world court, but also to compel them to abide by the decisions of that court. He would also have the concert of the powers to use force similarly to prevent nations outside the league from going to war. France, Germany and Russia have signified their willingness to join such a concert of the powers for world peace after the war. They realize that the agencies formerly relied upon for protection against war have signally failed as is amply proven by the present war, and that to prevent such a possibility in the future, the nations of the world must organize for the maintenance of peace by providing the necessary legislative, judicial and executive machinery for a world government so that international anarchy may be prevented and all international disputes equitably settled either by a court resembling the Hague or else arbitrated in the usual way.

## THE IRISH QUESTION

It is announced that England will soon make another attempt to settle the Irish home rule question. A new bill for that purpose is to be introduced in parliament and that for which the Irish party fought for many long years, is to be annulled. The new bill, it is understood, is to have provisions which will be acceptable to Ulster. That means that Ulster will be given dominating control over the rest of Ireland or in other words that the minority will rule the majority. The Irish people will accept no such measure, however liberal it may be in other respects. No such scheme of self-government can be regarded as a bona fide settlement or as fulfilling England's oft repeated pledges to Ireland. It would fall far short of the measure granted by Russia to Finland. The home rule that will maintain the ascendancy of a boisterous minority which has shown bitter opposition to the majority would only lead to further discussion and would therefore serve only to make a bad condition still worse. If Ireland can't get what she wants now she will get it through the peace conference following this war.

## CARDINAL FARLEY'S APPEAL

Next in eloquence and force to the call of President Wilson to the defense of the nation's flag is that of two Catholic cardinals, O'Connell of Boston and Farley of New York. The patriotic appeal of the former has already been noted; and the letter of Cardinal Farley read in all the Catholic churches of New York yesterday is thrilling in the intensity and fervor of its patriotism. Here is the keynote:

"Our president having spoken and our national representatives having spoken, the response to the voice of the authority they embody will be that we will rally around our flag with the completeness of devotion, and with loudest hearts and stoutest arms place all that we have and all that we are at our country's service."

If the aged Cardinal Gibbons has not spoken in reference to the war, it is not because he is indifferent, as the center in which the United States is engaged. There is no more patriotic American than the great champion of Baltimore.

GREAT WAR MEASURE

News in the history of this country was a great war measure sustained by congress with such perfect unanimity and enthusiasm as that which with commendable foresight of the sum of \$100,000,000 to maintain the war and assist the allies. This very fact will impress the Germans that this nation means business in more ways than one.

Secretary Daniels of the navy department is to request the authorities in the New Jersey coast resorts to dim the electric light displays at night as a precaution for safety during the war. So far as can be judged at present there is not the slightest danger of German submarines getting so close to the American coast. But perhaps it is well to be on guard. Mr. Daniels knows what he is doing.

Germany, it seems, is making a specialty of sinking hospital ships.

Germany, it seems, is making a specialty of sinking hospital ships.

## Seen and Heard

Now that spring is here do you have that spring feeling?

The man who likes to go shopping with his wife is just married.

Some of the oldest of us can remember the happy days when a change in price meant a reduction sometimes.

Sometimes the man who is responsible for the conduct of a large undertaking would have an easier time of it if he didn't get so much advice.

Don't be self-satisfied because when you find that you are in the wrong you are always ready to admit it. Try sometimes to be right.

It doesn't comfort you any to think that a dog's bark is worse than his bite when he is barking at the moon and keeping you awake.

When a man in the company of two ladies is caught in a sudden shower with only one umbrella, if he walks between them, carrying the umbrella, he can keep reasonably dry.

The story that Billy Sunday, revivifying in New York, has quit using slang is wrong. Billy is using as much slang as ever, but in New York it isn't noticed.

Now that the furnace coal bin is nearly empty perhaps you will be able to find the fountain pen that you think dropped out of your vest pocket early in the winter.

Even some who have never succeeded in raising much of anything in their vegetable gardens are positive that they are going to raise something this year.

Some people tell and survive all their lives to keep up with the procession, when they would really be a good deal happier if they would sit down once in a while in peace and quiet and watch the procession pass.

Why Not Call It Patriotism?

If the example set by a youngster in Avon, who is fairly bubbling with patriotism, is followed by many others, a local barking concern may find it necessary to adopt a new name for a toothsome cake that has been around in favor. It bears a German name, and there has been no deterioration of quality, despite the war, but the youth refused a piece at the supper table a few nights ago.

"Lost your appetite?" inquired dad. "No sir," was the indignant reply. "but I'd be a fine patriot to eat kaiser cake while my country is trying to put him out of business."

## Also Silence German Record

In another household which includes a patriotic source of school age there is a victrola and the lad has derived pleasure from listening to records. There is one gem that is sung by famous singers in German. The boy's father mentioned it.

"Then," don't want to hear it," said the boy firmly, and his attitude is likely to endure throughout the war.

## On a Silly, Silly Night

It was in the small hours of the morning when everybody but police-men should be at home sleeping peacefully. The calendar at the local telephone exchange registered April 15 and one of the young women on duty there suddenly conceived an idea and decided to make a night watchman. # FIRE, SMOKE and WATER SALE

OF THEIR NEW AND FINE STOCK OF MEN'S FURNISHINGS, WHICH STARTS

## TOMORROW, TUESDAY, AT 9 A. M.

and will continue daily until the stock is disposed of

As we have accepted an adjustment of our loss, sustained through the fire which started in our basement last Tuesday evening, which through the efforts of the fire department was confined wholly to a small area and did not enter the main floor of our shop, the stock suffering solely from smoke, TOMORROW MORNING we initiate what will probably be the biggest bargain event in Men's Furnishings which has ever been held in this city. Don't be of the opinion that you will buy here antiquated goods because that would be highly improbable on account of the fact that it is only a few months ago started in business.

# ONLY CORPORAL'S GUARD FIRST APPEAL FOR AID BY LEFT AT ARMORY SAFETY COMMITTEE

Of the three local companies of the Sixth Infantry, M.N.G. Companies C, G and K only 27 men remain at the armory in Westford street and it is expected this small contingent will vacate the building sometime today or tomorrow.

In compliance with an order received yesterday from the war department, the entire Sixth Infantry has been turned over to the care of Col. Logan of the Ninth Infantry and this morning the majority of the members of Companies C, G and K, remaining at the armory were sent out on guard duty. The men left in three units and took north-bound trains.

The headquarters company composed of the Sixth Infantry band and the Mounted Orderlies is still at the armory as is also the Machine Gun company, which recently came from Quincy, and it is probable these men will be sent out on duty before the week is over.

The number of men from each of the three companies of the Sixth who were at the armory at noon was as follows: Company C, 12; Company G, 8 and Company K, 7. The captains and the cooks of the companies are also here. It was stated this morning that the Lowell men, who are doing duty in New Hampshire will soon be recalled and assigned to other posts within this state.

As stated in The Sun last week 47 members of the local companies of the Sixth failed to pass the physical examination and were given an honorable discharge. The remaining members of the company who are in Lowell are doing their very best to recruit to war strength in order to fill the vacancies and they are meeting with flattering success.

About 50 Catholic members of the local companies attended mass in a body at Notre Dame de Lourdes church yesterday morning. The men in command of Capt. Doyle of G company left the armory at 10:15 o'clock, escorted by Garde Sûreté and les Zouaves, two semi-military organ-

izations of the parish and they marched to the church in Branch street. The mass was celebrated by the pastor, Rev. Leon Lamotte, O.M.I. while the sermon, the text of which was "Peace be with you," was delivered by Rev. J. B. A. Barette, O.M.I., chaplain general of the French-American Volunteer brigade of the U. S. Army.

Sergeant Francis J. Haggerty, your company, for convenience of government purposes, accepting appointment as clerk in War department, orders as clerk in War department, orders as clerk in War department, orders as clerk in War department.

Discharge Francis J. Haggerty, your company, for convenience of government purposes, accepting appointment as clerk in War department, orders as clerk in War department, orders as clerk in War department, orders as clerk in War department.

Several members of the National Guard attended the flag raising at the Lowell Weaving Co. in Marginal street, this noon. The ceremony was held at 12:30 o'clock and was largely attended. During the exercises music was furnished by the Sixth Regiment band.

The menu served this noon at the armory and the number of men taken care of by each company were as follows:

Company M: Beef stew, onions, bread and butter, peaches and coffee; 15 men.

Company G: Hamburg steak, boiled potatoes, bread and butter, coffee and stewed prunes; 31 men.

Company C: Roast beef, boiled onions, cream sauce, bread and butter and coffee; 40 men.

Company K: Beef stew, boiled potatoes, bread and butter, peach sauce and coffee; 40 men.

The men fed at the armory this noon included the officers of the various companies, the headquarters company and Machine Gun company.

At a conference held in the mayor's reception room at city hall yesterday afternoon and participated in by the executive committee and finance committee of the committee on public safety it was decided that considerable money is now needed to carry on the work for which the committee on public safety was intended, and the finance committee, after giving over the matter thoroughly to the executive committee, decided to send out to the public an appeal for funds. The committee, it was decided, will not ask for money on special sum. The idea is to secure money enough to keep things moving and it is very probable that there will be further appeals for funds at a later date. It was agreed that something must be done at once to take care of the dependents of soldiers, as it will be several weeks before the state money will be forthcoming. The state and nation will eventually do full duty toward the soldiers, but the city must do something for the time being. In order to place all safeguards necessary for the expenditure and care of the fund, it was agreed at the meeting that no bill should be paid except after a sub-committee chairman has approved it, following which the mayor will approve and finally the chairman of the finance committee is to affix his approval before the treasurer pays the bill.

Yesterday's meeting was quite a long drawn out affair, because pretty nearly everything was in the abstract, and there were so many points to cover that it required considerable time, thought and discussion to get things in the concrete. But it was a very interesting meeting throughout and the executive committee and sub-committees now feel as if they were on a good working basis.

The home garden and farm labor constitute a very important problem, and these matters were gone over and pretty thoroughly yesterday. It has already been decided to establish a farm labor bureau at city hall and from the way that things are working out it

## Safety Committee's Appeal for Aid

TO OUR FELLOW CITIZENS:

The finance committee of the Lowell Committee on Public Safety, appointed by the mayor at the request of the governor, appeals to the loyal and patriotic citizens of Lowell and the surrounding towns for contributions of money to meet immediate and urgent needs.

We have entered into a war and no one can say when it will be ended. We have found the nation, the state and this city totally unprepared for this serious situation. We want money at once and undoubtedly shall require more later on.

We have already guaranteed the executive committee considerable sums. Money is needed for necessary hospital supplies, for emergency clothing for the soldiers, for immediate and temporary aid for the dependents of soldiers and for the food and clothing campaigns. Other expenses will follow.

For this present call we ask generous and prompt response. Cheques or contributions in cash may be sent to Amos K. Chadwick, treasurer of the committee at the Lowell Five Cent Savings Bank, or to any member of the committee.

# SUNDAY WAS SALVATION ARMY DAY IN LOWELL

Salvation Army day was celebrated in Lowell yesterday with a varied and splendid program of exercises and meetings, chief of which was a mass meeting held in Y.M.C.A. hall in the afternoon.

Major James H. O'Donnell presided and made a brief and happy address, commending the Salvation Army for its humanitarian work. The hall was filled for the meeting and the utmost interest was taken in the proceedings. The meeting opened with music, the headquarters band from Boston lead-

ing. Prayer was offered by Brigadier Mrs. Shepherd, following which, Adj. James Bowering introduced Major O'Donnell as the presiding officer. After the mayor had spoken, Robert F. Marden, president of the board of trade, was introduced, who also spoke briefly of the work of the army, and said that the community might well take a leaf from the book of the Salvation Army, which does its work unselfishly for the common cause of mankind. Dr. D. E. Yarnell, general secretary of the Y.M.C.A., welcomed the gathering to the hall, and a duet was sung by the spouses Florrie and Beulah Bowering.

The principal speaker of the meeting was Col. Adam Gifford, New England chief of the Salvation Army. His topic was "The Salvation Army and Its World-Wide Work." Col. Gifford declared that the members of the Salvation Army are the rough riders of religion. He gave a brief history of the work all over the world and startling statistics of the amount of work done in a year in Boston. Col. Gifford talked for fully 10 minutes, and was most interesting.

The meeting closed with the singing of "The Star Spangled Banner."

Prior to the meeting the headquarters band gave a concert on the streets and led the march to the Y.M.C.A. building.

## FIRST UNIVERSALIST CHURCH ANNIVERSARY

The First Universalist church of this city this week celebrates the 90th anniversary of its founding, and yesterday Rev. C. E. Fisher, D.D., pastor, preached a sermon which briefly reviewed the church's history. Special anniversary services will be held on Tuesday and Thursday evenings, Thursday evening being the annual roll call service.

The First Universalist church was organized 90 years ago by a man named John Bassett with 99 others, and services were held in a little red schoolhouse at Davis square. Later services were held in a house where St. John's hospital now stands. Later still a church building was erected at the site was taken at the present location of the Boston & Maine depot, and finally the present edifice was built.

The Eliot Church

Rev. Herbert A. Barker preaching on the subject, "The Trowel and the Sword." In part, he said: "Nehemiah prayed to God for help. Enemies had overrun his home, the walls of the city were destroyed, the people were in misery. He visited the home and with him went a bodyguard. Nehemiah began the work of restoration, but from different sides came conspiracies against the work, discouragements, ridicule. He encouraged the people to work, and those who would not work, he set his bodyguard over and made them complete the tasks. Each builder in that city had his weapon at hand with one hand he held a trowel, in the other a weapon.

In a figurative sense, America today is following this course. This is particularly Sunday in the churches of the land, and one need not dwell at great length upon what will be necessary for this great people to do, but I may say that every one of us may be depended upon to do his bit for the service of this land in the hour of need.

"In those old days of Jerusalem the sword was used that they might be able to continue their building, to protect them from the enemies from without as well as those within to enable them to complete the great work of restoration which they had begun."

"If I interpret the spirit of this country aright, it means that there are many constructive things to be done in this land which we want to do, and which we are loathe to give up, and that we do not want to go to war. But we must do things which we do not want to do in order to protect those things we have done and intend to do in the future."

## VERDICTS RENDERED IN SUPERIOR COURT

A scaled verdict in favor of the defendant in the case of Bert A. Cluff vs. Victor Piccon, an action of contract by which the plaintiff tried to recover the sum of \$225 in the sale of a horse, was rendered at the opening of the superior court this morning.

The next case to go to trial was that of Miles L. Murphy vs. Frederick C. Bean, both of whom, an action of honor the ad damnum of which was \$500. The defendant in this case is

## ASTONISHED RHEUMATICS MOST JOYOUS

All Over the Country, They Are Recommending "Nautrone Prescription 99"

"Nautrone Prescription 99" in a few days will permanently lumber up and remove all aches and pains that none except a rheumatic sufferer. The most skeptical persons have at once become its warmest endorsers.

As a relieved patient expressed it, "You can distinctly feel a modification of stiffness in your joints and muscles."

"Nautrone Prescription 99" acts in a mysterious manner that is almost unbelievable, when in fact it immediately relieves the most obstinate cases of rheumatism.

Are you troubled with rheumatism? If you are, "Nautrone Prescription 99" will cure you, yes, cure you. Write to your druggist and say goodbye rheumatism. Mail orders filled at \$1.00 size.

First Howard's Drug store, 199 Central street, Lowell Pharmacy, 632 Merrimack street and leading druggists everywhere.

## DISEASES OF CHILDREN

I find worms one of the most common of children's diseases—either pinworms or stomach worms. These parasites make their presence felt through deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional sickness and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

For over 20 years Dr. J. F. E. Elixir, the Family Laxative and Worm Expeller, has been the standard remedy for worms, stomach troubles and constipation, both for children and adults. Mr. Wm. L. Wyle of Houston, Texas, writes: "I want to say that Dr. Elixir's Elixir is certainly a fine medicine. At all druggists, or send \$1.00 to Dr. J. F. E. Elixir for further information."

Dr. J. F. E. Elixir, Auburn, Me.

captain of Company G, Fifth Infantry, M.C. of Westchester, who the defendant was a corporal in the Mexican frontier and the suit was brought on the ground that the defendant had made a statement in Texas injurious to the plaintiff's reputation, and this case also a verdict was rendered for the defendant.

## APPEAL FOR AID

Continued

looks as if the bureau would be in a position to help the farmer very materially in the line of help. The bureau will have the support of mill men and others who employ considerable help and their co-operation will tend to simplify matters a great deal.

The home garden agitation seems to have struck a very responsive chord, and a great many have already made application for "little plots of land." The proposition is so attractive that members of the committee have decided to take it up and John M. O'Donnoghue of the executive committee has already engaged land, an acre or more in Ardover street. It really looks as if the suggestion would so develop as to be a lasting good for the community. The proposition reaches out to men and women in the mills. A census of mill help is being taken and the census takers ascertain whom of the men and women know about farming and it is not a great stretch of the imagination to see men and women leaving the mills, in high tide, during the summer, to set out into the open air for two or three days a week. The mill authorities in order to help out, will allow many men as they can spare to work on the farms two or three days a week. The pay offered by the farmers, of course, has a great deal to do with the labor question. It was suggested by Freeman M. Bill at a recent meeting that with the price obtaining at the present time the farmer can well afford to pay the laborer \$2.50 a day, and that opinion appears to be quite heartily shared by other committee members.

Mr. Bill supplemented his suggestion by stating that the farm produce would be higher on other things—canned goods, for instance. It is because of this situation and war conditions that the farmer is in need of his production and the city man to try his hand at the home garden. One man has even gone so far as to suggest that lawns be turned into vegetable gardens.

It was suggested at the meeting yesterday that a great many people who would like to take a hand at the home garden cannot afford, in the first place, to have the land ploughed, and then comes the question of seed and fertilizer. Somebody rather timidly remarked that perhaps the committee should be induced to induce the ploughing. As to seed and fertilizer it was decided the problem could be solved by supplying them and taxing the gardener. The committee. It was stated could buy fertilizer at South Lowell, at cost.

The finance committee does not mention any special sum it desires to attain, although it knows definitely what is required. Assurances of enthusiastic support for the public safety committee in the way of money have been coming in from the committee and the result of the appeal which is sending out today. It was announced at the meeting yesterday that Harry P. Knapp had sent \$100 to the board of trade to be used in connection with the home garden proposition.

Chairman J. F. Sawyer of the finance committee stated that his committee is ready to undertake the raising of all necessary funds and it is his firm belief that the people of Lowell are in a frame of mind regarding the need for funds that will not permit anything niggardly in the way of a response.

MARGARET ANGLIN

The Patriots day attraction at the Playhouse will be the distinguished actress, Margaret Anglin (herself) in her greatest comedy success, "Green Stockings," acknowledged now to be one of the most brilliant comedies in the English tongue.

Miss Anglin, in harmony with her customary plan of making a revival each spring, has selected "Green Stockings" and with it a cast of notable players.

The appointments will be in keeping with the most extensive stage. Miss Anglin, having personally supervised the staging of this revival.

Miss Anglin has played "Green Stockings" in nearly every city in the United States and Canada to critical and artistic playgoers and her appearance in this city next Thursday afternoon and evening will be the most welcome event since David Warfield appeared in the Playhouse, the last big play to be seen in this city for several years. The prices for this attraction range from 25c to \$5.00. Order seats early.

## BISHOP ANDERSON ASKS LOYAL SUPPORT

URGES ALL TO STAND BY GOVERNMENT—OWE EVERYTHING TO THIS COUNTRY

BOSTON, April 16.—In a sermon delivered yesterday at the 9 o'clock mass in St. Paul's church, Dorchester, Bishop Anderson urged loyalty to and support of the government.

He said in part: "We are realizing at the present moment that we are confronting war, a war that has been brought about when the country has sought to live in peace, when the country has sought to live with every sense of justice and honor allied with regard to international law. The country has been forced into the war. Therefore it is a duty incumbent upon us to realize that we have to stand by the government of this country. We owe everything to this country. It is our life and our happiness. It is our duty to stand by our country and our government to do her will, to do whatever she demands. If she calls upon us to sacrifice our lives to preserve the nation, we must do it. Knowing that it is in accordance with the plans of Divine Providence, we must give the best of our efforts for the life of the nation."

"We must realize that love of God also demands love for our fellow man, that means we must give even our lives, if necessary, for the defense and welfare of our fellowman and our country. Now, my dear people, there are going to be many sacrifices demanded of us. We must expect some suffering, but let me tell you how you can face it. Our faith. Faith is the victory that overcometh the world. Faith and trust and confidence in God is necessary at the present moment. In order to have the necessary courage to face war, we must be at peace with God. When our souls are at peace with God, we can face death courageously."

At this point, Bishop Anderson paid a tribute to the mothers of the country. "The best we have in the country today is the result of good mothering," he said. "Let us respond faithfully, let us be ready to make the sacrifice. Parents, when the time comes for you to do your duty in the giving of your children to the service of our country, be prepared and ready to do it. It is a duty to the country. Remember that you are doing the noblest thing possible in making a sacrifice of that kind."

"Let us, however, keep our faith in God and the spirit of prayer that God may bring peace and victory to this country, in his own good time, but as quickly as possible."

CHELMSEFORD FLAG RAISING

Important ceremonies marked the flag raising, which took place on the common in South Chelmsford Saturday afternoon. The affair was attended by over 500 residents of the town, and present also were several members of the local companies of the National Guard. Music for the occasion was furnished by the Middlesex County Training School band, while the speaker of the day was Rev. Chas. H. Ellis of Chelmsford.

The flag was raised by Dewey Fish.

Your Family Can Spend a Delightful Vacation at Moderate Cost on a Western Mountain Ranch

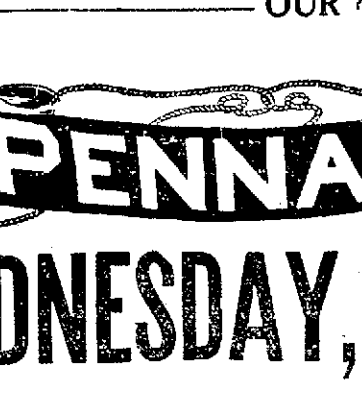

For health and good time there is nothing like a taste of real ranch life in Wyoming. People are doing it now—days, and many ranchers are prepared to take in summer boarders, make them comfortable, and give them thoroughly good, wholesome things to eat.

Why don't you take the family and spend a vacation on one of these western ranches? We know the reliable ones and will gladly tell you of a number from which to choose, with their facilities and prices.

A few weeks of this kind of life in the open, constantly breathing that wonderful western air, will put you and the family in fine physical condition, and the experience—horseback riding, trout fishing, picnicking and camping will fill all your thoughts with the joy of living.

Let me plan with you and help you determine just what to do, and explain to you how easy it is to accomplish in these days of perfect train service. Make use of me—that's what I'm here for.

## GIRLS! MAKE A BEAUTY LOTION WITH LEMONS

In all weathers the skin and complexion can be kept wonderfully clear, soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it. Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, brighten and bring out the roses and hidden beauty of any skin. Those who will make it a habit to gently massage this lotion into the face, neck, arms and hands once or twice daily will be repaid with a skin that is flexible and young looking and a peach-like complexion.
